INSURANCE TIPS

TERM LIFE INSURANCE

Term life insurance provides protection for a specific period of time, the "term", and is designed for temporary circumstances. It makes the most sense when your need for coverage will disappear at some point, such as when your children graduate from college or when a debt is paid off.

The most common term policies provide coverage for 10-30 years. In some cases, a term policy may also be converted to a permanent policy. Typically, term insurance offers the greatest amount of coverage for the lowest initial premium and is a great choice for family protection

ARE YOU AN UBER OR LYFT DRIVER?

Your personal auto policy will NOT cover you or your vehicle if you are involved in an accident while using your auto for passenger transportation services. Additionally, insurance provided by UBER or LYFT likely does not cover your auto for damages. If you are an UBER or LYFT driver, please call us to make sure you have the right coverage in place.
